

# CAT: Computational and Algorithmic Thinking

## Competition Day Quick Guide

A brief guide for running 2018 Online CAT

CAT School Managers should read the complete Manager's Handbook (online version) and prepare supervisors; the handbook can be found at [amt.edfinity.com/help](http://amt.edfinity.com/help)

### Competition date: Tuesday 27 March

Online CAT window: 7 am 27 March to 7 pm 28 March AEST

Time allowed: 60 minutes

Start time: \_\_\_\_\_

School code: \_\_\_\_\_

Activation code\*: \_\_\_\_\_

(to start competition)

Administration code\*: \_\_\_\_\_

(use only if computer malfunction occurs)

\* To find these codes, log in with your school code/password, click on your school name and select Assessment Supervision.

Competition site: [amt.edfinity.com](http://amt.edfinity.com)

### Student registration

1. Students sign up with an email address (or username) and password.
2. Students enter name and other details (overseas single name in top box only)
3. Students enter the five-digit AMT school code, competition division and their school year (imperative for marking). Check the school name is correct.
4. Students will then be asked to verify that information.
5. The competition start page appears. Students check their login in the right-top corner is correct, or log out and start again. Supervisors read the instructions aloud.
6. **Competition begins:** give students the **activation** code to start the competition.
7. **Competition ends:** the competition will close off automatically after the set time.
